Hi Karen
Very exciting announcement today about the Community Campus! Hopefully this will be smooth sailing for all concerned. October 7 at 10 is perfect. How about we meet at Cafe Vonsolln on Daniel Street across from the McIntyre building. Perhaps an item for discussion among others. Coffee on me. Looking forward to seeing you.

Karen - brilliant *move* buying Community Campus for $10 million. That price is very low for that property. It's so nice to live in a community that values this kind of investment. Nicely done.

Thanks Neal! Boy, don't we need a bright spot or two here and there.

Please help spread the word that the City intends to support and maintain the valuable tenants.

Take care, thanks for the kind words and enjoy the weekend.
Karen

Subject: Congratulations!

Hello Karen,

The fantastic news about the Community Campus is a really bright spot in our often rancorous city politics.

As a past Foundation board member when the strategic plan was created, a supporter of many of the non-profit tenants on campus, and a Portsmouth resident I am delighted!

Congratulations to you and an outstanding City staff.

Dear Recreation Board Members,

On behalf of the City and the Chairman, I would like to share with you some very exciting news...

Monday night, the City Council is set to vote on the acquisition of the Community Campus property. The official press release is attached. I wanted to get this out to you prior to it becoming public so you are informed and aware of the situation and what this means for the future of our Department. This will be a Recreation facility that can now have its own spaces and gymnasium to expand programming and create the opportunity for a multitude of new programs. It will be an additional gymnasium, field, and courts that we can utilize for our youth and adult sports leagues. It will play a huge part in realizing the vision of the Recreation Master Plan with its proximity to the new turf field and the future fields to come. It creates amazing possibilities as well, with additional buildable land. As part of this arrangement, all current tenants will remain in place.

I look forward to sharing more with you at our upcoming October meeting. Also, I will be sending out an update tomorrow on the Pickleball courts and the Rules & Regulations that I have created. I will be looking for feedback and ultimate approval to move forward with those.

Looking forward to working with you all on what this means for the future of our community and our Department!

Todd Henley

comments: Dear Mayor and Councilors,

I'd like to voice support for both the skatepark and the Community Campus acquisition. It's great to see skatepark funding in the proposed CIP for 2023, along with many other worthwhile projects, and I applaud the planning department (including interim planning director) and other city staff for the work they have put into this.

Matthew Glenn

Public Comment at December 20, 2021 City Council meeting:

Nancy Johnson said she is concerned with not moving forward with funding for a new Police station. She said it might be perfect to be relocated at the Community Campus. She stated she would like to get the project moving forward.
