COVID-19 BULLETIN BOARD 6/22/22

NHDHHS is reporting a 13% decrease in the number of cases for the 7 days ending June 20, compared to the previous 7 days.
CDC is classifying Rockingham County (map below) as "low risk" for community infection.

LATEST FDA/CDC VACCINATION SCHEDULE
PFIZER VACCINE

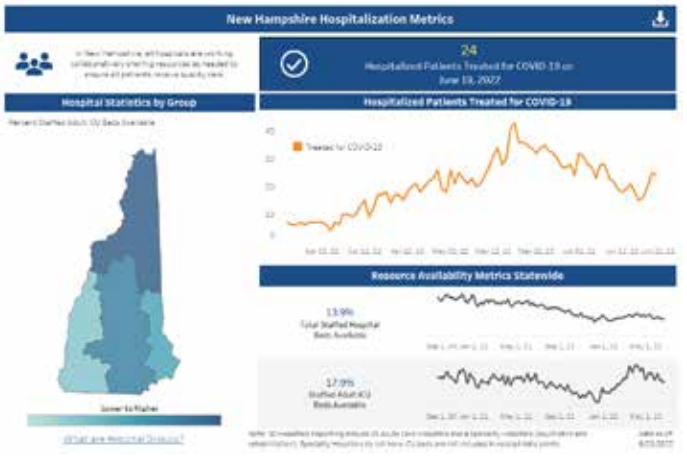

Age 6 mo -4 years	3 dose series
Age 5+	2 dose series plus booster
Age 5+	Immunocompromised can receive second booster
Age 50+	2 dose series plus booster plus 2nd booster

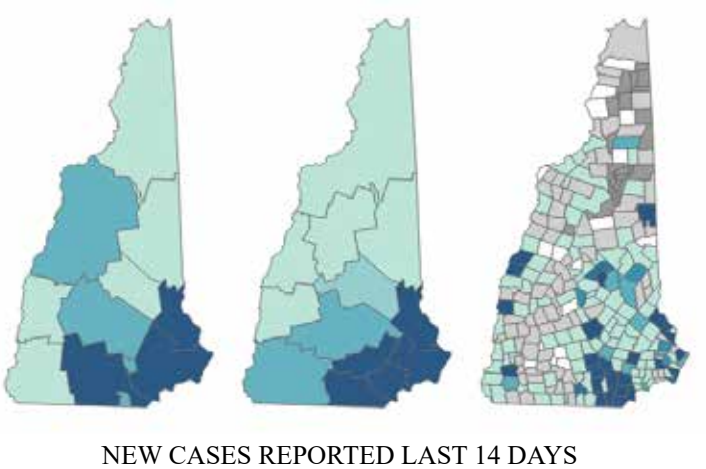

MODERNA VACCINE

Age 6 mo – 17 years	2 dose series
Age 18+	2 dose series plus booster
Age 50+	2 dose series plus booster plus 2nd booster

J&J VACCINE
On May 5, 2022, the FDA limited who can receive Johnson & Johnson's COVID-19 vaccine due to the ongoing risk of rare but serious blood clots. The shot should only be given to adults who cannot receive a different vaccine or specifically request the J&J.

Those who are severely immunocompromised or have other concerns related to age or medical condition have slightly different vaccination recommendations. Check with your healthcare provider.
To learn more and find vaccination sites go to Vaccines.gov

NEW CASES REPORTED LAST 14 DAYS
