

Portsmouth offers an inclusive preschool program located at Little Harbour School. The Portsmouth Early Education Program (PEEP) supports 3-5 year old students with and without educational disabilities. We strive to create a respectful and compassionate learning community where all students are empowered to realize their potential in a challenging and supportive environment.

The PEEP classrooms offer a child-led learning approach with diverse, sensory, motor, and language-rich opportunities. Our thematic units are aligned with New Hampshire Early Learning Standards.
