Facility and Field Rental Policy

(UPDATED June 2026)

The City of Portsmouth Department of Recreation & Senior Services offers meeting rooms, field and facility use and rental as part of their mission to offer a wide variety of programs, activities and services to the community.

The City of Portsmouth Recreation Buildings, Facilities and Athletic Fields are dedicated to the municipal government's use for the Recreation & Senior Services Department. The rental agreement below outlines the policy and procedure for use of any recreation facility or field.

(Public school property can be requested directly through the School Department.)

APPLICATION:

Members of the public may request the use of Recreation facilities by completing a Facility Request Form on the Recreation website at portsmouthnh.gov/recreation. Or contact the Recreation & Senior Services Department and a form can be emailed or mailed. Forms must be completed at least 5-business days prior to event. Aquatics facility request form must be received 3 weeks prior to event. Forms may be picked up/dropped off at 100 Campus Drive, Portsmouth, NH 03801. Rental applications are accepted up to 6 months in advance. No group or organization may reserve a room more than 8 times in a calendar year unless granted permission from the Director. Submission of application is not a guarantee of rental but rather the first step in the process.

FACILITY USE:

Recreation & Senior Services assumes no responsibility for the safety of any private property brought onto the premises, nor for injury to any persons attending the meeting. Any damage to property resulting from a meeting or activity will be the responsibility of the organization to replace or reimburse.

- All requests will be granted subject to staff and facility availability as well as the parking demands of scheduled activities. Facilities & fields will be scheduled under the direction of the Recreation Department. The Recreation Department shall have the right to cancel use of the facility or field directly before or during the event when, in the exclusive judgment of the Recreation Director or designee, weather or other conditions warrant cancellation. Permission for use of a facility or field can be revoked at any time based on user breach of the terms of use of City property.
- No use of Recreation facilities or fields shall be allowed before the facility agreement form has been approved by the Recreation Department.
- Medical equipment, such as first aid kits and automated external defibrillators (AEDs) are not provided by the City at playing fields. However, users of playing fields are encouraged to bring with them to the fields those items of medical equipment appropriate to their intended use of the playing field.
- Permission for a group to use Recreation space does not constitute an endorsement of the group's philosophy.
- No group will imply in its advertising or during the meeting that the City or Recreation Department has sponsored or supports its meeting, group or presentation without first receiving permission in writing from the Recreation Director. Use of Recreation will only be granted by Recreation Director.
- Use of the meeting rooms shall not conflict with customary Recreation operation. Groups will adhere to proper behavior and keep noise levels consistent with the atmosphere of the facility or neighborhood.
- Each group is responsible for set-up and break-down for its event and is required to leave the space in a neat and orderly condition. I.e: if you set up tables, you must break tables down and put them back.
- An adult representative for groups using Recreation space must be designated on the facility rental and are responsible for ensuring that the activity adheres to the facility guidelines and ends at the designated time. This adult will remain on the premises until all minors have been picked up. A group that leaves unattended minors at facility/field may result in loss of rental privileges.

INSURANCE:

All organizations other than City or School sponsored groups must issue a certificate of insurance naming the City of Portsmouth on the declaration page as an additional insured prior to the use of any Recreation facility. Rentals require a 1-million dollar liability insurance policy. Coverage limits are determined by the City of Portsmouth.

CANCELLATIONS:

Failure to provide 24-hour notice cancellation will require payment of rental fees. The renting organization shall be responsible for any staffing fees incurred as a result of inadequate notice of cancellation. In the event of a Recreation Department cancellation due to emergencies or inclement weather, the Recreation Department will notify the organization. The event may either be rescheduled by the organization, or reservation and rental fees will be returned. Public information regarding the cancellation or rescheduling of an event is the responsibility of the renting organization.

ADDITIONAL REQUIREMENTS:

- The use of alcoholic beverages, smoking (including vaping) and use of tobacco products is forbidden in and on any Recreation facility or field at all times.
- All organizations must comply with applicable national, state and local regulations and ordinances, including and not limited to requirements of the Portsmouth Police and Fire Departments. Aquatic rentals are required to sign off on regulations prior to rental.
- Applicable permits are the renting organization's responsibility.
- All organizations must supervise and conduct an event in a responsible manner which leaves the Recreation facility in the same condition as it was before the event, excluding normal wear and tear.
- The Recreation Department reserves the right to limit or revoke the reservation of any organization upon a finding that the organization breached the terms of use of the rental agreement at any time.
- Dogs are not allowed in municipal buildings or on athletic fields.

FEES:

- No rental fee shall be charged for any City, Recreation, Senior Services, or School Department sponsored activity.
- No rental fee shall be charged to Portsmouth non-profit organizations or community groups (unless additional custodial or staffing coverage is required). A limit to the number of events per year shall be allotted.
